I. CHANGE IN SCOPE OF WORK:
Should Grantee wish to substantially change the proposed project or modify any terms of the Grant Award, including the attached budget, he/she must seek prior written approval of The Foundation.

J. CHANGE OF STATUS:
It is the responsibility of the Grantee as well as the Grantee Institution to notify The Foundation in a timely manner (usually not less than 30 days prior) regarding any change in the academic or professional status of the Grantee. The Foundation will then determine whether or not such change affects eligibility for the Grant Award. Example of change in professional status could include, but is not limited to the following: Individual Grantee (PI) is receiving monies or other consideration from for-profit enterprise(s) to fund related or unrelated research being carried out in individual Grantee’s (PI’s) laboratory.

If Grantee leaves the Grantee Institution named in this Agreement with plans to continue stated research project at another institution exempt from federal income taxes under Section 501 (c)(3) of the Internal Revenue Code, The Foundation retains sole discretion to determine portability of this grant. A final report as described in Section E(3) must be submitted to the Foundation within ninety (90) days of Grantee’s transfer to another institution. Upon approval of a transfer of the Award to a new institution, the Grantee Institution will return any unexpended funds and any funds spent inconsistent with the Research Project to The Foundation. The Foundation will engage in negotiations with the Grantee and subsequent institution to execute a new agreement. If the Grantee is not permitted to transfer the grant to a new institution, the Grantee and the Grantee Institution will relinquish the Award and any unexpended funds and funds expended inconsistent with the Research Project will be returned to the Foundation.
